

SUBSTANCE USE DISORDER COUNSELOR

You can make a difference in the lives of women! Join an organization that has been an innovator in women-specific programming for over 40 years.

We are seeking a full-time Substance Use Disorders Counselor to work with women and their children in a 4 to 6-month treatment program for women with co-occurring disorders. This program uses an integrated, multi-disciplinary, family-focused, strengths-based approach to comprehensive case management and treatment services. All services are gender & culturally competent to meet the needs of underserved women and their families affected by substance use disorders.

Work with a talented team including other counselors, health educator, child and family therapist, care coordinator, psychiatrist, clinical supervisor and intake specialist. In addition to treatment for substance use and mental disorders, we provide wraparound services, trauma education and treatment, child/family therapy, on-site childcare, and case management.

Looking for skilled, creative, responsible individual committed to assisting in the recovery of high needs women. Requires MSW or other advanced degree with CSAC or SAC-IT or ability to obtain certification or license as a mental health professional.

Competitive salary and benefits package including health, dental and vision insurance package where agency pays 80% of premiums, 3 weeks paid vacation the first year, paid sick leave, 12 paid holidays, disability and life insurance employer paid, 401(k) with employer contribution, paid training and continuing education, supervision to obtain licensure or certification and a flexible work schedule.
